

2 McLean Street YARRAWONGA VIC

2  1 

A little vision will go a long way with this corner property. It contains a weatherboard home which has a lounge area with a natural gas space heater, a kitchen with an electric upright stove, 2 bedrooms, bathroom, separate toilet and laundry. The good size rear yard contains a storage shed and heaps of room for parking. The corner block could be ideal for a developer STCA. or at this affordable right price, it could also suit a renovator, investor and those who have the vision to recreate the magic that lies within.

Type : House
